

**Test Report No. 132802**

on the authenticity of the following pearls,  
set as pendant (A) and in a necklace (B) with diamonds

Total weight: 13.5 grams  
(including setting and diamonds)

Shape: A: drop-shaped, half-drilled  
B1 - B4: oval, drilled

Measurements: A: approximately 6.90 - 7.95 x 12.80 mm  
B1: approximately 3.75 - 4.20 x 4.70 mm  
B2: approximately 3.60 - 4.50 x 6.25 mm  
B3: approximately 4.35 - 4.85 x 6.55 mm  
B4: approximately 3.75 - 4.00 x 4.95 mm

Colour: A: pink with fine flame structures  
B1 - B4: pink with fine flame and patchy flame structures

Identification: **five NATURAL CONCH PEARLS**

Comments: The analysed properties confirm the authenticity  
of these non-nacreous natural conch pearls from a marine gastropod.

No indications of artificial colour modification.

**Important Notes:** The conclusions on this Test Report reflect our findings at the time it is issued. A gemstone or pearl can be modified and/or enhanced at any time, using different possible treatments (incl. heating, fissure filling, irradiation etc.). It is possible that a later re-examination of the gemstone(s) may lead to different opinions, should the applicable scientific standards for the examination change subsequent to the examination of the gemstone(s) or pearl(s) by SSEF. The fact that a particular method or treatment is not specifically mentioned in a Report does not mean that such treatments or methods were not used with respect to the particular gemstone(s) or pearl(s). Therefore, the SSEF can at any time reassess whether the gemstone(s) or pearl(s) is in accordance with this Test Report. A setting may limit complete analysis of a gemstone or a pearl, thus all conclusions are given as far as the setting permits. The authenticity and colour authenticity of additional diamonds, gemstones, and pearls in the setting have not been tested. Any declared weight on a SSEF report has been stated by the client. SSEF does not take any responsibility whatsoever for the accuracy of the declared weight. Once verified on [www.myssef.ch](http://www.myssef.ch), only the Test Report with the valid original signatures, embossed stamps and Proof Tag™ label affixed onto the surface of the laminated Test Report is a valid document. PDF scans and copies of a Test Report are not legally binding. See terms and conditions on reverse side and [www.ssef.ch/terms-conditions](http://www.ssef.ch/terms-conditions). © This report is copyright of SSEF.
